

9-Apr		WWD	BETTER	Add Hydrologist Back On Staff
9-Apr		WWD	BETTER	Administrative Asst. To Enter Well Reports
9-Apr		WWD	BETTER	Change In Statute That Would Hold Driller Responsible If Wells Co-Mingle Two Different Zones (Land Owner Responsible Now)
9-Apr		WWD	BETTER	Driller Responsible To Plug Improperly Drilled Wells
9-Apr		WWD	BETTER	Dual Licensing For 2Nd Drilling Designation - If You Have A License For Water Well Drilling, Could You Have A 2Nd License As An Apprentice At A Discounted Rate? (In Order To Learn Different Drilling Method)
9-Apr		WWD	BETTER	Improve Outreach To Ground Water Districts
9-Apr		WWD	BETTER	Modify The Online License Information To Better Show Wwd Designations
9-Apr		WWD	BETTER	Rule That Sets Up Wwd Advisory Council - Eliminate Contradictions In Statute/Rule About Being A Driller And Being On The Board
9-Apr		WWD	BETTER	Search Well Reports By Owner
9-Apr		WWD	BETTER	Work With Water Development Board On Reporting
#####		WWD	BETTER	More Meetings Available By Internet At Time It Occurs
#####		WWD	BETTER	Do Something About The Unlicense Individules Contracting Pump Service
#####		WWD	BETTER	When I Call In To Ask A Question, Try To Have People We Talk To On The Phone That Speak "American."
#####		WWD	BETTER	Place Inforcemwnt Of Regulations In Hands Of Installers And Take Away All Decisions From Home Owners
#####		WWD	BETTER	Better Policing Of State. There Are To Many Setting Pumps Without Licence. It Makes It To Hard To Compete In This Field When The Field Is Not Level.
#####		WWD	BETTER	Heavily Fine Those Who Are Not Licensed.
#####		WWD	BETTER	Better Specificity Of The Rules
#####		WWD	BETTER	Customer Service And Licensing Leaves A Lot To Be Desired. Getting A Human Being To Answer The 800 Number Is Awful And Time Consuming
#####		WWD	BETTER	Investigations And Prosecutions: The Investigators Need To Spend Time In The Field Checking Those That Are Licensed. Furthermore, They Need To Go After The Improperly Licensed And Unlicensed Drillers And Pump Installers Operating Across The State. The Prosecutors Also Need To Go Out With The Investigators And See Exactly What Is Going On Out In The Field. If The Prosecutors Had A Better Idea Of "What Is Right" And "What Is Wrong" They Might Be Able To Clear More Cases And Levy More Sanctions And Penalties On Wrong Doers.
9-Apr		WWD	CHANGE	- Eagleford Shale
9-Apr		WWD	CHANGE	- If Happens, TDLR To Explain Enforcement Abilities To Council - Exactly What Their Role Would Be
9-Apr		WWD	CHANGE	- Letter To Drillers?

9-Apr		WWD	CHANGE	- Memo Of Understanding Wil The Railroad Commission
9-Apr		WWD	CHANGE	Capping Of Water-Supplied Wells For Oil/Gas Exploration (Who Is Responsible)
9-Apr		WWD	CHANGE	Increase Penalties On Closed-Loop Violations - Or Give Violation For Each Violation
9-Apr		WWD	CHANGE	Make Sure There Is Surface Casing Through Fresh Water Zones If Drilling Deeper For Fracking Jobs (To Maintain Integrity Of Fresh Water Zone)
9-Apr		WWD	CHANGE	Make Wwd Online System Report Submittal Mandatory
9-Apr		WWD	CHANGE	Partner With Ground Water District To Assist In Online Report Filings
9-Apr		WWD	CHANGE	Wwd Council To Have More Input About Enforcement Penalties & Educational Requirements For Licensure
#####		WWD	CHANGE	N/A
#####		WWD	CHANGE	To Me, The CEU Hours Necessary To Retain A License, Are Usless. You Have People Out There That Have No License That Are Working On Pumps And Windmills. Of Course, Nothing Ever Happens To Them. I Was Under The Impression That You Were Suppose To Be An Apprientece Working Under A Licensed Pump Installer, To Be Able To Even Go Out And Work On Pumps And/Or Windmills. The Licensed Person Is To Be In Contact With The Apprientece And Visit The Job Site. Thats The Way I Do It. Also, To Loose As Much As A Day To A Day And A Half To Travel To A Location To Listen To The Same Speech, The Same Film About The 1-Hr Of Rules And Regulations Just So I Can Work On A Windmill, Pull A Pump Or Drill A Well. But Anyone Can Work On Their On Well, Drill His Personal Well Or Even Repair A Well For Someone That They Work For. This Seems To Defeat The Purpose Of My License.
#####		WWD	CHANGE	Plugging, Land Owners Are Not Experienced Nor Qualified To Plug Their Own Wells
#####		WWD	CHANGE	Limit Number Of Aprentice That Licence Can Have. Enforce Those Who "Rent" Licence Number To Those Who Are Not Licensed
#####		WWD	CHANGE	Lower The Cost Of Licensing.
#####		WWD	CHANGE	Implement Bonding Requirements For Water Well Drillers And Make The License # A Company #
#####		WWD	CHANGE	I'D Do Away With Customer Service Or Put Them Under Control Of The Program Dept Heads
#####		WWD	CHANGE	1.) All Pvc Casing Must Have CEntralizers, Every 20 Feet At The Screen And Every 40 Feet To The Top. 2.)Minimum Casing Size For Domestic Well, 5" Pvc Statewide. 3.) Minimum Casing Size For 6" Pump And Motors Should Be 8". For #2 And #3, There Is A Reason For This, Has To Do With Providing Proper Cooling Flow Past A Motor In A Well. Too Small Of Casing Will Not Allow Cooling Flow Past The Motor, Particularly With Water Feeding Into A Well Above The Pump Or If The Pump Is Set In The Screen Area. Further, The Tight Fit Of The Casing Around The Motor, Any Foreign Object Dropped In The Well Can Fall Between The Pump And Motor And Literally Wedge A Pump And Motor In The Well Were It Cannot Be Pulled Out Resulting In Loss Of The Pump, Motor And The Well Also.

9-Apr		WWD	NEXT	- Funding For Above
9-Apr		WWD	NEXT	Clarify The Oversight Of Cathodic Protection Wells (Pipe Lines)
9-Apr		WWD	NEXT	Greater Penalties For Co-Mingling Zones
9-Apr		WWD	NEXT	Layer Mapping (3D) To Identify Water Zones
9-Apr		WWD	NEXT	More Drillers Embracing New Technology - (Online Report Submittal And Use Of Online Well Reports For Identification And Location Of Wells)
9-Apr		WWD	NEXT	Wwd - Increased Oversight Of Drilling
#####		WWD	NEXT	Oil Drilling, Frac Water Being Shipped To Other States,Poor Well Engineering
#####		WWD	NEXT	N/A
#####		WWD	NEXT	The Drought
#####		WWD	NEXT	Depletion Of Usable Water All Oil Related Water Wells Must Be Plugged After Drilling Is Complete Per Oil Well Drilled [Reason] Land Owner Are Wasting Massive Amounts Of Water For Tanks Creeks Deer Quail Etc Simple Reason Is For Many First Time They Have Had Water And Now They Can Afford To Pump It.No Matter The Cost. I See This Daily.
#####		WWD	NEXT	Increase In Population, Decrease In Groundwater, Polution Of Gw.
#####		WWD	NEXT	1. Increase In Population. 2. Decrease In Disposable Income.
#####		WWD	NEXT	Increase In Population Increase In Licensees Industry Regulation
#####		WWD	NEXT	Over Zealous Regulation
#####		WWD	NEXT	Increases In Population As Well As Uncontrolled Pumping Of Water Without Proper Regulation By The Water Districts Will Result In Loss Of Water Across The State And Possibly Pollution Of This Valuable Resource By Unlicensed Drillers And Pump Installers Not Following Proper Standards Of Well Construction And Pump Installation. This Is Further Magnified By Landowners Doing Well Drilling And Pump Installation On Their Own Properties Not Following The Same Rules Required By Licensed Drillers And Pump Installers.
9-Apr		WWD	WELL	Gps Location Of Wells
9-Apr		WWD	WELL	Inter-Agency Cooperation Good
9-Apr		WWD	WELL	TDLR Staff Picked Up Slack For Entering Well Logs Electronically
9-Apr		WWD	WELL	Utilization Of Online Well Reporting System (By Drillers In Particularly)
#####		WWD	WELL	Informing Of Updated Material
#####		WWD	WELL	I Suppose, Taking Care Of Business
#####		WWD	WELL	Nothing
#####		WWD	WELL	Easy To Talk To Someone Who Knows The Law
#####		WWD	WELL	Providing Education
#####		WWD	WELL	Posting Well Reports On-Line
#####		WWD	WELL	The Subject Matter Experts Are Quite Good

#####		WWD	WELL	Continuing Education-TDLR Is Doing Well Providing CEU Rules And Regulation Statutes.
