RE: RAS Continuing Education Requirements

The Department is pursuing changes to Administrative Rule 68.74 which would postpone the CE requirements originally scheduled to become effective for RAS registrations expiring on or after March 1, 2008. Due to the limited availability of continuing education (CE) providers and pending the Commission's action on the proposed rule change, the Department has elected to delay enforcement of the CE requirements until March 1, 2009.

RAS whose registrations are scheduled to expire prior to March 1, 2009 will be allowed to renew their registration without obtaining continuing education hours.
