Name of Authorized Inspection Agency	Date of request

Type of Boiler: Power Unfired Process Steam Generator

Date of last internal inspection:	Certificate of Operation Expiration Date:

Submitted by:	Title:

Phone:	Email:

Check below, to specify whether this is an Extension Request or an Emergency Extension Request, as applicable:

In accordance with Texas Boiler Rules, including §65.64 which requires a request for extension to be submitted to TDLR not less than 3 business days prior to the expiration date of the current certificate, we certify:

1. continuous water treatment under competent and experienced supervision since last internal inspection;
2. accurate and complete records of boiler water samples taken at intervals not exceeding 24 hours of operation;
3. accurate and complete records of dates and reasons object has been out of service, the nature of all repairs, and the reason for those repairs [TO BE DOCUMENTED ON PAGE 2 OF THIS FORM]; and
4. for gas fired boilers the gas pressure regulation or reducing valve servicing the boiler is vented to a safe point of discharge.

For an EMERGENCY REQUEST for up to an additional 120 days, in accordance with Texas Boiler Rules, including §65.64 which requires an emergency request for extension to be submitted to TDLR prior to the expiration date of the current certificate, we certify all of the above, plus:

1. it has been established that an emergency exists, an explanation of the emergency is attached; and
2. our inspection agency's most current external inspection report is also attached and it confirms compliance with Texas Health and Safety Code §755.026 as required.

Signature of Boiler Owner or Owner Agent:

Response letter will be sent via e-mail.

Submit completed form to TDLR Boiler Program via email to boilers@tdlr.texas.gov or via USPS to TDLR, ATTN: Boiler Program, PO Box 12157, Austin, TX 78711.
