 - appropriate illustrations and graphics to show concepts not easily explained in words;
 - a comprehensive presentation of subject matter intended to increase or support the skills or abilities of the licensee.

- c. **Attendance Verification** – **Describe** your procedures for verifying licensee attendance, as required by Section 59.51(l): *“Providers are responsible for the conduct and administration of their courses, including the punctuality of classroom sessions, verification of participant attendance and instructor performance. Providers shall ensure that their courses are administered in substantially the same manner as represented in the application for course approval.”*

Examples:

For a classroom course: You may require a photo ID and TDLR license card at sign-in, and require the licensee to sign the attendance roster at the end of the course. You would be required to confirm that the licensee spends at least the approved amount of time taking the course.

For a web-based course: Your course, which should be timed so that the licensee is active in the course for the full amount of TDLR-approved course time, may include attendance verification questions such as favorite actor, car or truck, etc. At least **two attendance verification questions per hour** are to be asked and answered.

- d. Internet Course Log-in and Attendance Verification Procedures** – Each internet course application must include the log-in and password information for the website. The log-in and password must be accessible for the entire one year term of approval for the course. Each internet course application must include the attendance verification questions used.
