Division Projects

Update on New Technology - Route Optimization

We are finalizing the timeline for the route optimization program with Mobicorp. We expect an implementation team that includes Marco Rodriguez, Ramon Rodriguez, David Montgomery, Soyica White, and Shawn O'Neal to act as team leaders to represent all TDLR inspectors through this process.

Update on New Technology - Einspection

The company developing our online inspection program, Brazos, demonstrated an early version of the program to TDLR staff on January 7, 2014. Jennifer Harless, Juliane Crocker, and Morgan Okeefe are performing the initial test of the tablets. Very soon inspectors will begin field testing the program and tablets. We are also working with Enforcement to identify the appropriate evidence prompts for each violation.

Division Personnel Update

Field Manager Camtu Tran transferred from the Central Region in Austin to the South Region and is now based in Houston.
